

There are so many people to thank for our Day of Giving Celebration Assembly, Friday, January 6th, at the Londonderry High School gym.

-Student pep rally aides Taylor Hicks, Hunter Wertz, Claire MacLennan, Jenny Thompson and Alyssa Boccia, who did so much to make it a special experience for the angels, and continue to work now as we sort out the baggies and prepare for the record send-off.

-Student Amy Fliger, who received raves for her restructuring of the wrestling room into a flowing salon as part of her senior project. She also wrote a heartfelt letter to the angels, including tips from her cosmetology research.

-Our music department, who provide such a wealth of talent and class that we almost never repeat a performer, and each one is incredible.

-Our custodians, from Charlie on down, who do anything we need to make it work, including laying extra power strips to keep the wrestling room running. So many, many details that they take care of.

-Michelle Wooding and the dance team, who showed that dance can take many forms - a truly beautiful moment.

-Every teacher in the stands. It is a quiet assembly in so many ways, and I know little fires were put out all over the stands by your vigilance.

-Art Psaledas, the visionary, who does everything needed to make the event work, and all the administrators who parked cars, directed people, found rubber bands, etc., to make it a special day for our angels.

-the administrative assistants, Linda Licciardi and Pauline Engler, who I believe has Pantene on her speed dial she deals with so many, many details all year long.

One last note: there is an enormous amount of hair on the wrestling room floor as each girl is trimmed. I contacted the northeast region Coastal Services company, who clean oil spills, about sending a few trash bags full of the hair to them for use in the boom to absorb oil. They told me that they have had so many contributions, they are having trouble finding outbuildings to store the bags of hair, so we did not send any. Someone on the staff (I forget who) mentioned it to me months ago, and I did want you to know I followed up on it.

232 angels on the floor - 77 real-hair wigs will be created for cancer patients, by one remarkable school on one single morning... our school. Congratulations.

Steve Juster
