

# Ap Euro Summer Assignment

2011 – 2012

Read Chapter 13: European Society in the Age of the Renaissance (just pages : 415 to 440) This is from your future text which is used in colleges throughout the US.

A copy of the reading that accompanies this assignment can be picked up in the HS' Curriculum office if one is misplaced.

Rather than simply take notes, I wish for you to explain the following people & terms.

- Not all terms appear in your textbook, you will need to go else where.  
Happy hunting!!!
- Work will be checked on the 1<sup>st</sup> day of class.
- A quiz worth 10% of your first quarter grade will be given on the second day of class (Based on the following terms).
  
- Expectation: definitions will be done thoroughly, & placed within a notebook. (do not simply cut & paste, you need to summarize & condense into a format that will allow you to commit them to memory, and then answer questions on them for the quiz).
- This class is a college level class with college expectations.
- You are expected to work and read at a college level.
  - This is not a general level nor college prep class.

Although this assignment is rather short, it is important as it sets the basis for the Renaissance, our first unit.

## Terms:

- |                          |                             |
