New Hampshire Higher Education Assistance Foundation

Is dedicated to providing students and families free resources, services and valuable information about the college process - including but not limited to planning, the college search, savings options, college admissions requirements, applying for financial aid and scholarships. NHHEAF services all student populations with the goal of promoting higher education as the means to achieving personal, career and life goals.

Is dedicated to educating and inspiring a new class about opportunities colleges offer. One way they do that is by giving away 'COOL STUFF'. In September there was a T-shirt contest with prizes. In order to participate in October's activities, students must go to <http://iamcollegebound.org>, register and login. Take a pledge to read articles and earn credits; do the promotional of the month and earn credits. The more credits you earn, the more "COOL STUFF" you can win! Psst! Some additional codes that will help you later are Guidance, Prepare, Parents, FAFSA and Nashua. Good Luck!
