

# Londonderry C3 Committee Meeting

November 14th 2018

## Technology Updates Since We Last Met . . .

- We will continue to build off the good work done within the IT Department as well as this C3 Committee through the Budget Season.

### Two Goals in the Superintendent's Budget:

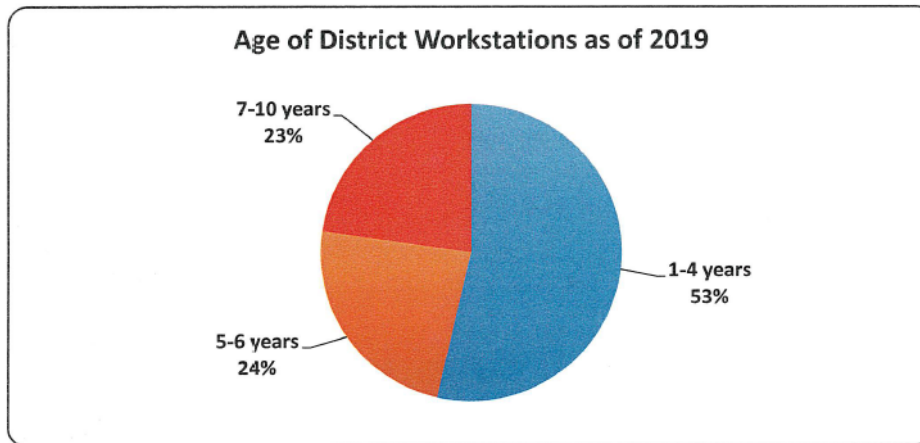

- 1) Based on the data of aging equipment, restart a normal replacement cycle around devices built into the budget. *(And continue in future budgets)*
- 2) Ensure we have enough mobile devices to be more flexible when there is state testing, as well as see i-Ready as a tool, not a technology burden that saps all our technology resources.

# Upcoming IT Budget and Short/Long Term Plans

Propose a regular replacement cycle of devices.

Emphasize mobility in devices so they can “swarm” to grades/groups when needed for testing. *Hopefully testing will be less burdensome.*

Emphasize mobility so curriculum tools like i-Ready can go to teachers and classrooms when needed and be available more regularly.

Feasible warrant article to upgrade mostly the wiring and some wireless issues.

In time, with more capacity & device mobility, we can better articulate innovative uses for technology that improve our instructional practices and curriculum resources district wide, and align those practices to more universal professional development.

# How Should We Use Our Remaining C3 Meetings?

## Curriculum & Other Projects Underway:

- Londonderry's Competencies.
- Math - A look at Math in Focus Year 2, and Anchor Task work.
- Literacy - Look at our K to 2 Phonics Progression (created last year) and other upcoming Literacy look. Another interesting article: "[Why Are We Still Teaching Reading the Wrong Way?](#)"

## Other Ideas from the Committee:

We have the following dates for the remainder of the year:

Jan. 9th, March 6th, and May 1st.
